About Us

Rensino Electrical Appliances Co., Ltd, a subsidiary of Rensino group co., limited, is a comprehensive enterprise integrating design, research and development, production, and global sales of small appliances, dedicated to providing high-quality and intelligent appliance solutions. Our products cover a wide range of applications, including home, hospitality and catering, office, and personal care, catering to diverse market demands. With advanced production equipment, a stringent quality management system, and an experienced R&D team, Rensino has established a reputation as a reliable and efficient brand within the industry. We focus not only on standardized product manufacturing but also offer flexible OEM and ODM services, providing a seamless process from concept design to mass production and logistics delivery, achieving a true one-stop service model.

Rensino upholds the core values of “quality first, innovation-driven, and customer-centric,” continuously enhancing product performance and service quality to earn the trust of clients worldwide. Recognizing that technological innovation is the driving force of enterprise growth, we allocate substantial resources to the development of new technologies and products, striving to provide our clients with more diverse and intelligent product choices. Meanwhile, we are committed to green manufacturing by integrating environmental sustainability into our product development and production processes, contributing to global sustainability goals.

Looking ahead, Rensino will continue to expand its global market presence, optimizing products and services to meet consumers’ demands for efficient, convenient, and comfortable lifestyles. We aim to grow together with our partners, create value for users worldwide, and become a trusted long-term partner in the small appliance industry.

- ❖ Power : 300W
- ❖ Features : 1、 one-button cooking, quick and convenient
2、 portable handle
3、 compact design

Mini Rice cooker Quality 15FJ02

➤ **Introduction**

- ❖ Power : 300W
- ❖ Features : 1、 Mechanical button operation;
2、 Small capacity, simple appearance

6 quart slow cooker oval stainless steel 60SC01

- **Introduction**
- ❖ **Power :** 240W
- ❖ **Features :** 1、 6QT stone pot
2、 Big body handle
3、 Visible glass lid
4、 Time adjustable

Electric oval slow cooker 6 quart manual 60SC02

- **Introduction**
- ❖ **Power :** 240W
- ❖ **Features :** 1. 6QT stone pot 2. Big body handle 3. Visible glass lid 4. Mechanical control, 3 heating levels

Slow Cooker

Steaming, stewing and braising.

Non-stick pot liner. Smart timing.

Brand Customization: Support for customer brand logo design and printing.

Product Appearance: Color, material, and size can be adjusted according to requirements.

Packaging Options: Customized packaging design available (color box, gift box, etc.).

Minimum Order Quantity (MOQ): MOQ ranges from 1,000 to 5,000 units depending on the product type.

Production Lead Time: 3-7 days for samples, 30-45 days for mass production.

Steam Cooker

Penetrating and quick steaming.

Full nutrition score.

Brand Customization: Support for customer brand logo design and printing.

Product Appearance: Color, material, and size can be adjusted according to requirements.

Packaging Options: Customized packaging design available (color box, gift box, etc.).

Minimum Order Quantity (MOQ): MOQ ranges from 1,000 to 5,000 units depending on the product type.

Production Lead Time: 3-7 days for samples, 30-45 days for mass production.

ST-01 Two Layers Transparent Visible Steam Cooker Baby Food Steam Cooking

➤ Introduction

- ❖ Power : 1200W
- ❖ Volume : 9.5L
- ❖ Features : 1.Big capacity, enough for household use
2.Free combination, single layer and double layer can be used as required
3.Transparent and visible, to check the food state at a glance
4.The water tank is designed to be exposed, thus water can be replenished in time
5.Delay function and automatic keep warm to enjoy the delicious food at any time.

ST-02 Stew Cooker Steamer Combo Healthy Dessert Cooking Baby Food

Multi-functional cooker

One pot for multiple uses, food grade non-stick material.

Brand Customization: Support for customer brand logo design and printing.

Product Appearance: Color, material, and size can be adjusted according to requirements.

Packaging Options: Customized packaging design available (color box, gift box, etc.).
